OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE,

Bangalore, December 1913.

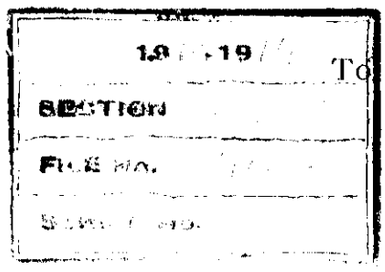
No.

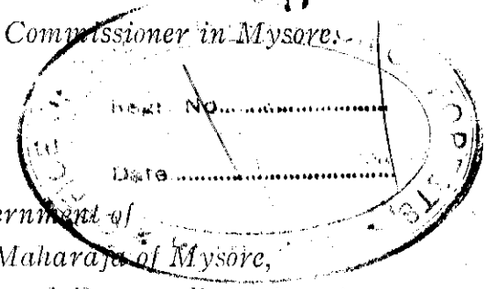
FROM

DIARY No. 4165

K. Doraswami Iyer Esquire,

Revenue Commissioner in Mysore.





To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

I have the honor to forward herewith for the orders of Government the marginally noted papers relating to the conclusion of the settlement of the Balur Block in the Mudgere Taluk received with letter No. 150 dated 15th August 1913 from the Deputy Commissioner, Kadur District.

(1) Letter No. 150/- dated 14/15th August 1913 from the Deputy Commissioner, Kadur.
(2) Letter No. 3 dated 31st July 1913 from the Forest Settlement Officer.
(3) Boundary Notification.
(4) " C " Register.
(5) " B " Register.
(6) One tracing.
(7) One Topo tracing.

2. The Block in question is ~~represented~~ reported to be a belt of ghat-bound Forest land and to cover the head-waters of the Hemavati River. It extends over an area of 18399 acres - 25 guntas or 28.75 sq. miles comprising Kharab and Gomal lands as noted in the margin belonging to 12 villages of which two are bechirak.

(1) Kharab	3118 A - 38 G.
(2) Gomal	15280 A - 27 G.
Total --	18399 A - 25 G.

3. Adequate provision has been made by the Forest Settlement Officer for the grazing and other requirements of the villagers.

4. Thirty four claims were advanced before the Forest Settlement Officer of which thirty were fully and three

partly admitted while one was rejected. There were no appeals preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

5. The Deputy Commissioner has recorded no -- objection to the reservation in question and the final notifi--cation may therefore issue.

I have the honor to be,

Sir,

Your most obedient servant,

Assistant Commissioner,
For Revenue Commissioner,

NOTIFICATION.

The 21st January 1913

The Government of Mysore is pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 16th March 1915 1901, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli & village	Approximate area	Name of block	Boundaries
Kadur	Mudgere	28.75 Sq. miles	Balur	

Balur hobli
Durgadahalli
Mudagundi
Mezur
Halagadaka Coffee Estate
Balur
Kanakal hobli
Attigere
Kogilebane Estate
Kogile
Jarcave
Gyatte
Nibedre
hobli
Urbage
Biraapur

Situation. The belt of ghat-bound forests in the Mudgere Taluk extending north to South from Balalarayen durga Siskal slopes approaching the borders of the Hassan District.

North. Starting from a point on the east side of S.No.2 of Halagadaka Coffee Estate, about 5 chains north from the south-east corner of the said S.No., the line runs north-east for about 37 chains through S.No.1 of the Halagadaka Coffee Estate to the corner bandhs in the bend in the northern boundary of the said S.No., situated at a distance of about 2 chains south from the south-west corner of S.No.58 of Mudagundi; then east through S.No.1 of Halagadaka Coffee Estate for about 30 chains to the north-east corner of the same S.No.; then south-east through S.No.47 of Mudagundi for about 53 chains till it meets a halla in the same S.No., then north-east in a straight line for about 36 chains through S.Nos.47 & 45 of Mudagundi to a point on the southern boundary of S.No.44 about 17 chains east from the south-east corner of S.No.40 of the said village, then east along the said southern boundary of S.No.44 to its south-east corner, then south along the western boundary of the Mezur —

14/12

village for about 27 chains; then east through S.No.45 of Megur for about 84 chains to the south-west corner of S.No.172 of --- Balur; then north-east along the west side of the said S.No. for 11 chains to the south-west corner of S.No.220 of the same village; then east and north along the south and east sides of S.No.220 to its north-east corner; then north ~~across~~ across the halla for about 2 chains to the south-east corner of S.No.169 of Balur; then -- north along its east side for 2 chains to the south-west corner of S.No.168 of the same village; then along the Mudgere-Mangalore high road to the south-east corner of the same S.No., then south-east for 10 chains through S.No.139 of Attigere to the westernmost -- corner of S.No.140 of the same village; then east through the -- said S.No.139 for about 27 chains till it meets the hotte bands situated on the Attigere and Tarave gadi about 13 chains South-west -- from the southernmost corner of S.No.162 of the former village; then east for about 64 chains through S.No.47 of Tarave to the northernmost ~~northernmost~~ corner of S.No.50 of the said village; then south--- along the west side of the same S.No. for 37 chains to its ---- westernmost corner; then east along the west side of the same -- S.No. to its south-west corner; then south and south-west along the north and west sides of S.No.112 of the Kogila village for about 100 chains to the 7th bend of S.No.112 of Kogile near the Wate halla where two bandhs are located; then south-east in a -- straight line through S.No.112, for about 53 chains to a point on

the west side of S.No.98 about 14 chains south-west from the south--west corner of S.No.5 of the same village; then in the same direction through S.No.98 for about 74 chains to a point on the west -- side of S.No.100 about 24 chains south from the south-west corner of S.No.3, then in the same direction through S.No.100 for 31 chains to a point about 18 chains west from the north-west corner of S.No. 90, then south-west in a straight line through S.No.100 for about 63 chains till it meets the south-east corner of S.No.97; then -- south-west along the western boundary of S.No.8 of Gutti for 18 -- chains to its south-west corner; then south-east along the west -- sides of S.No.236 to its south-west corner; then south-west along the west side of S.No.200 to its south-west corner, then south-east along the west side of S.No.199 to its south-west corner; then -- north-east along the southern boundary of Mudarhalli village S.No. 25 for about 20 chains to a point about 5 chains south-east from - the south-west corner of S.No.2 of the said village; then south-east through S.No.185 of Urbage for about 50 chains to a point on the -- ridge about 20 chains west from the westernmost corner of S.No.182, then through the said S.No.185 for about 26 chains to the north-west corner of S.No.193; then south-east for 66 chains along its west side to the westernmost corner of S.No.360; then south-west along the north sides of S.Nos. 191, 339 & 344 for about 68 chains to the north-west corner of the-- last named S.No.; then south and south-east along the west sides --

of S.Nos.340 & 341 to the south-west corner of the latter S.No., then south-east along the south sides of S.Nos.341, 342 & 343 & 228 to the south-east corner of the last named S.No.

East. Thence south-east along the west side of S.No.41 of Bairapur to its ~~north~~ South-west corner, then west for 26 chains along -- the north side of S.No.91; then south-east through the said S.No. 91 for about 46 chains to a point on its south side about 18 chains south-west from the southernmost corner of S.No.94, then south-east for about 6 chains along the south side of S.No.91;then south-east through S.No.96 for about 22 chains to a point about 12 chains south from the southernmost corner of S.No.94; then south-west through -- S.No.96 for about 45 chains to the north-west corner of S.No.84,---- then in the same direction for 18 chains along the north side of --- S.No.144 to its north-west corner; then south-west through S.No.87 -- for 64 chains to the north-east corner of S.No.148.

South. Thence north-west along the north side of S.No.147 to its north-west corner, then along the South-Canara frontier boundary to a point about 36 chains south-east from the north-west corner of S.No.66 of Durgadahalli.

West. Thence north-east through S.No.66 of Durgadahalli for about 55 chains to its easternmost corner, then north-east through S.No.61 for about 30 chains till it meets the junction of two hallas, that is a point about 6 chains south from the north-east corner ----

of S.No.84 of the same village, then north-east for about 34 chains through S.No.61 to a point about 10 chains south from the southern-most corner of S.No.78 of the said village; then north for about -- 15 chains along the east side of S.No.61 to a point about 9 chains east from the north-east corner of S.No.78; then north along the -- east side of S.No.61 for about 9 chains to the south-east corner -- of S.No.2; then north-west for about 5 chains along the east side of the said S.No. to the starting point.

Remarks A.

The following rights of way are admitted within the Block throughout the year.

I. Foot-path from Mudagundi to S.No.48, 6 feet wide and about 32 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 10 chains west from the western-most corner of S.No.19 of Mudagundi, runs south-west and south ---- through S.No.47 of the same village and reaches S.No.48 which is -- treated as an enclosure.

II. Foot-path from S.No.37 of Mudagundi to the Bidarthale (enclosure 2) enclosure 6feet wide and 157 chains long for men and cattle. It enters the forest in its northern boundary at a point about 12 chains south from the south-east corner of S.No.40 of the same village runs south, south-west, & south-east through S.Nos.45, 49 & 55 and - reaches the Bidarthale enclosure.

~~reaches the Bitherthale enclosure.~~

III. Foot-path from Harchatti (S.No.34 of Megur) to Bitherthale, (enclosure No.2) 6 feet wide and about 45 chains long open for men and cattle. It -- enters the forest in its northern boundary at a point about 10 chains south from the south-west corner of S.No.34 of Megur, goes south-west and west through S.No.45 along the Bidarthale halla to the said --- enclosure.

IV'. High road from Mudgere to Mangalore is admitted for the public as usual. It enters the forest in its northern boundary at the south-east corner of S.No.170 of Balur, runs north-west between S.Nos 88& 168 & 170 of Balur, south-west between S.Nos.220 & 171; then south--east between S.Nos.171 & 172 of Balur, then west between S.Nos.139, 142 & 143 of Attigere, then between S.Nos.155 , 143, 144 & 155 of the said village and quits the forest in its southern boundary at a point about 5 chains east from the south-east corner of S.No.156.

V. Foot-path branching from Mudgere-Mangalore ~~&~~ High road and leading to Hulichowdi temple in S.No.142 of Attigere, 6 feet wide and about 154 chains long for men and cattle. It branches from the High-road to the south-east corner of S.No.170 where the temple of Kodalavadaya is situated, runs south-west and west through S.Nos.139 & 142 and reaches Hulichowdi temple.

VI. Foot-path from Taruve to S.No.88 and Chowdammanagudi in S.No. 49 of Taruve, 6 feet wide and about 62 chains long, open for men and --- cattle. It enters the forest in its northern boundary at the north-west

corner of S.No.47 of the same village, runs south-west through S.No.49 and reaches the temple.

VII. Foot-path branching from the above and leading to S.No.48 (enclosure), 6 feet wide and about 26 chains long, open for men and -- cattle. It branches from the foot-path No.VI supra, goes south-east -- through S.No.49 to the said enclosure.

VIII. Foot-path leading from S.No.88 to S.No.89 of Tarve 6 feet wide and about 21 chains long for men and cattle. It begins at the north-west corner of S.No.88, goes west through S.No.49 and S.No.89 (enclosure).

IX. Foot-path branching from the demarcation line and leading to S.No.90 is admitted for men and cattle. It branches from the ----- demarcation line at the westernmost corner of S.No.50 of Tarve, runs south-west through S.No.49 to S.No.90 treated as an enclosure.

X. Foot-path from Mundugodukotige to the Kogilebaremale Estate and fron there to S.Nos.3 & 4 (enclosure) 6 feet wide and about 49 --- chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 9 chains east from the 7th bend in the west side of S.No.112 of Kogile, runs west through the said S.No.112 and reaches the Kogilebaremale Coffee Estate, then again it begins at a -- point about 4 chains south-west from the 2nd bend in the east side of -- S.No.1 of the said Estate runs north-west through S.No.2 and reaches the enclosure S.Nos.(3 & 4).

XI. Foot-path from Kodadale (hamlet of Kogile) to S.No.105 of

Kogile treated as an enclosure, 6 feet wide and about 7 chains long open for men and cattle. It enters the forest in its northern boundary at a point about 19 chains north-west from the south-west corner -- of S.No.104 of Kogile, runs west through S.No.~~&&~~ 98 of the same - village, and reaches the said enclosure.

XII. Foot-path from Devermane, dakle of the Gutti village to S.No.96 of Kogile, treated as an enclosure, 6 feet wide and about 9 chains long, open for men and cattle. It enters the forest in its ---- northern boundary at a point about 9 chains west from the north-west corner of S.No.93 of Kogile, runs west through S.No.97 of the same -- village to the said enclosure.

XIII. Foot-path from Devermane, Dakle of Gutti to S.No.233 of Gutti treated as an enclosure, 6 feet wide and 35 chains long open for men and cattle. It enters the forest in its northern boundary -- at a point about 15 chains west from the south-west corner of S.No.93 of Kogile, goes north-west through S.No.232 of Gutti and reaches the said enclosure.

XIV. Foot-path branching from the above and leading to S.No.234 of Gutti, treated as an enclosure, 6 feet wide and about 6 chains -- long, open for men & cattle. It branches from foot path No XIII supra, runs west through S.No.232 of Gutti and reaches the enclosure.

XV. Foot-path from Devarmane, Dakle of Gutti to S.Nos.230, 229, & 272 of Gutti treated as an enclosure, 6 feet wide and about 222 -- chains long open for men and cattle. It enters the forest in its -- northern boundary at the south-west corner of S.No.8 of Gutti, runs -

west and south through S.No.232, then south along the demarcation line, then again through S.Nos.232, 231 & 227 and reaches the enclosure No.I in the Gutti village, and again it enters the forest in the said enclosure at a point 5 chains south from the south-west corner of S.No.229 of Gutti, goes south through S.No.227 for about 46 chains and reaches the enclosure S.No.(272).

XVI. Foot-path from Devarmane to the enclosure No.17 (~~Vide page 15~~) 6 feet wide and about 55 chains long open for men and cattle. It enters the forest in its northern boundary at a point about -- 23 chains south-east from the south-west corner of S.No.8 of Gutti runs south through S.No.235 and reaches the said enclosure.

XVII. Foot-path leading from S.No.200 of Gutti to enclosure No.17 (~~Vide Page 15~~) 6 feet wide and about 15 chains long open for men and cattle. It enters the forest in its northern boundary at a point about 8 chains south-west from the south-west corner of S.No.202 of Gutti, goes west through S.No. 205 and reaches ~~the~~ the said enclosure of Gutti.

XVIII. Foot-path from S.No.199 of Gutti to S.Nos.214, 221, ~~223~~ 222 and 223 of the same village treated as enclosures, 6 feet wide and about 36 chains long for men and cattle. It enters the forest in -- its northern boundary at the north-west corner of S.No.199, runs -- south through S.No.212 to the enclosure (S.No.214); then ~~again~~ it ~~enters~~ leaves the same enclosure at a point 8 chains south from the south-east corner of S.No.214, runs south and south-west through S.Nos.

212 & 220 for about 87 chains and reaches the enclosure S.No.222 touching the north-west corner of S.No.221, and then from there it runs for 12 chains to enclosure S.No.223.

XIX. Foot-path from S.No.199 to S.Nos.246 & 247 of Gutti, treated as enclosures 6 feet wide and about 7 chains long open for men and cattle. It enters the forest in its northern boundary at a point about 13 chains south from the south-west -- corner of S.No.264 of Gutti, runs north-west through S.No.212 to the enclosure (S.No.246) and from there runs to S.No.247 (enclosure), through S.No.212 for 10 chains.

XX. Foot-path from S.No.199 of Gutti to the enclosure --- (S.Nos.243, 244 & 245) of the same village, 6 feet wide and 16 chains long for men and cattle. It enters the forest in its -- northern boundary at a point about 15 chains north-west from the south-west corner of S.No.199, runs west through S.No.212 to the said enclosure.

XXI. Foot-path from Urbage to S.No.372 (enclosure), 6 feet wide and about 30 chains long for men and cattle. It enters the forest in the Northern boundary at a point about 6 chains south--west from the south-east corner of S.No.2 of Mudarahalli goes west along the demarcation line and along the north side of S.No. 185 to the said enclosure.

XXII. Foot-path from Urbage to S.Nos.345 & 369 (enclosure)

6 feet wide and about 74 chains long open for men and cattle. It -- enters the forest in its northern boundary at the westernmost corner of S.No.360 of Urbage, goes west along the demarcation line --- and then north-west through S.No.186 to the said enclosure.

XXIII. Foot-path branching from the demarcation line and --- leading to the enclosure comprising S.Nos.346, 347, 348, 189, & 361 of Urbage, 6 feet wide and about 46 chains long for men & cattle. It branches at the westernmost corner of S.No.344 and runs south--west through S.No.362 to the said enclosure.

XXIV. Foot-path leading from the above enclosure to the enclosure S.No.187 of Urbage, 6 feet wide and about 83 chains long open for men and cattle. It begins in the enclosure and runs west --- through S.No.190 and reaches the enclosure (S.No.187.)

XXV. Foot-path from Gutti to S.No.187 (enclosure) and from there to enclosure comprising S.Nos.352, 351 & 350 of Urbage, 6 feet wide and about 110 chains long open for men and cattle. It begins in the No. enclosure in the Gutti village and runs south-east and -- south-west through S.Nos.226 & 220 of Gutti and S.No.186 of Urbage and reaches the enclosure (S.No.187) and again it begins in the --- said enclosure and runs south-west through S.No.188 for 40 --- chains and reaches the enclosure comprising S.Nos.352, 351 & 350.

XXVI. Foot-path from Urbage to enclosure, S.No.153 of Birapur, 6 feet wide and about 31 chains long open for men and cattle.

It enters the forest in its eastern boundary at a point about -- 3 chains south-west from the south-west~~ern~~ corner of S.No.228 of of Urbage, runs west through S.No.90 of Bairapur and reaches the said enclosure.

GPB—5,76,000—6-4-12

4. During the enquiry, the undermentioned thirty-four claims -- were preferred to me.

(i) Four claims to right of grazing.

(ii) Eight claims to right of way.

(iii) Twenty two claims to miscellaneous rights.

All the claims in (i) & (ii) were admitted and sufficient ----- extent of lands was excluded from the proposed Reserve for ------ grazing of the cattle of the ryots concerned.

Of the twentytwo claims in (iii) eighteen were fully admitted, three partly admitted and one rejected.

5. The Deputy Commissioner has intimated in his docket --- No.1120 dated 2/5th October 1912 that no appeals have been preferred to him against my decision relating to the settlement of the Block in question.

6. The following records are herewith submitted:-

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary Notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

I have the honor to be,

Sir,

Your most obedient servant,

Forest Settlement Officer in Mysor

NOTIFICATION.

No. R. 5860—Ft. 99-13-5, dated 7th January 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st March 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block	
Kadur	Mudgere *Balur hobli.* 1. Durgadahalli 2. Mudagundi 3. Megur 4. Halagadaka Coffee Estate. 5. Balur *Banakal hobli.* 6. Attigere 7. Kogilebaremale Estate 8. Kogile 9. Taruve 10. Gutti *Gonibid hobli.* 11. Urbage 12. Bairapur	28·75 square miles	Balur	*Situation.*—The belt of ghat-bound forests in the Mudgere Taluk extending north to south from Ballalarayandurga Siskal slopes approaching the borders of the Hassan District. *Boundaries.* *North.*—Starting from a point on the east side of survey No. 2 of Halagadaka Coffee Estate, about 5 chains north from the south-east corner of the said survey number, the line runs north-east for about 37 chains through survey No. 1 of the Halagadaka Coffee Estate to the corner bandhs in the bend in the northern boundary of the said survey number situated at a distance of about 2 chains south from the south-west corner of survey No. 58 of Mudagundi; then east through survey No. 1 of Halagadaka Coffee Estate for about 30 chains to the north-east corner of the same survey number; then south-east through survey No. 47 of Mudagundi for about 53 chains till it meets a halla in the same survey number; at a point about 13 chains from its south-east corner; then north-east in a straight line for about 36 chains through survey Nos. 47 and 45 of Mudagundi to a point on the southern boundary of survey No. 44 about 17 chains east from the south-east corner of survey No. 40 of the said village; then east along the said southern boundary of survey No. 44 to its south-east corner; then south along the western boundary of the Megur village for about 27 chains then east through Survey No. 45 of Megur for about 84 chains to the south-west corner of survey No. 172 of Balur, then north-east along the west side of the said survey number for 11 chains to the south-west corner of survey No. 220 of the same village; then east and north along the south and east sides of survey No. 220 to its north-east corner, then north across the halla for about 2 chains to the south-east corner of survey No. 169 of Balur; then north along its east side for 2 chains to the south-west corner of survey No. 168 of the same village, then along the Mudgere-Mangalore high road to the south-east corner of the same survey number; then south-east for 10 chains through survey No. 139 of Attigere to the westernmost corner of survey No. 140 of the same village; then east through the said survey No. 139 for about 27 chains till it meets the hotte bands situated on the Attigere and Tarave gadi about 13 chains south-west from the southernmost corner of survey No. 162 of the former village; then east for about 64 chains through survey No. 47 of Tarave to the north-western corner of survey No. 50 of the said village, then south along the west side of the same survey number for 37 chains to its westernmost corner; then east along the west side of the same survey number to its south-west corner; then south and south-west along the north and west sides of survey No. 112 of the Kogila village for about 100 chains to the 7th bend of survey No. 112 of the Kogile near the Watchalla where two bandhs are located; then south-east in a straight line through survey No. 112, for about 53 chains to a point on the west side of survey No. 98, about 14 chains south-west from the south-west corner of survey No. 5 of the same village; then in the same direction through survey No. 98 for about 74 chains to a point on the west side of survey No. 100 about 24 chains south from the south-west corner of survey No. 3; then in the same direction through survey No. 100 for 31 chains to a point about 18 chains west from the north-west corner of survey No. 90; then south-west in a straight line through survey No. 100 for about 63 chains till it meets the south-east corner of survey No. 97; then south-west along the western boundary of survey No. 8 of Gutti for 18 chains to its south-west corner; then south-east along the west side of survey No. 236 to its south-west corner; then south-west along the west side of survey No. 230 to its south-west corner; then south-east along the west side of survey No. 190 to its south-west corner; then north-east along the southern boundary of Muderhalli village survey No. 25 for about 20 chains to a point about 5 chains south-east from the south-

west corner of survey No. 2 of the said village; then south-east through survey No. 185 of Urbage for about 50 chains to a point on the ridge about 20 chains west from the westernmost corner of survey No. 162; then south-east through the said survey No. 185 for about 26 chains to the north-west corner of survey No. 193; then south-east for 66 chains along its west side to the westernmost corner of survey No. 360; then south-west along the north sides of survey Nos. 191, 339 and 344 for about 68 chains to the north-west corner of the last named survey number; then south and south-east along the west sides of survey Nos. 340 and 341 to the south-west corner of the latter survey number; then south-east along the south sides of survey Nos. 341, 342 and 343 and 228 to the south-east corner of the last named survey number.

East.—Thence south-east along the west side of survey No. 41 of Bairapur to its south-west corner, then west for about 26 chains along the north side of survey No. 91; then south-east through the said survey No. 91 for about 46 chains to a point on its south side about 18 chains south-west from the southernmost corner of survey No. 94; then south-east for about 6 chains along the south side of survey No. 91; then south-east through survey No. 96 for about 22 to a point about 12 chains south from the southernmost corner of survey No. 94, then south-west through survey No. 96 for about 45 chains to the north-west corner of survey No. 84; then in the same direction for 18 chains along the north side of survey No. 144 to its north-west corner; then south-west through survey No. 87 for 64 chains to the north-east corner of survey No. 148.

South.—Thence north-west along the north side of survey No. 147 to its north-west corner, then along the South Canara frontier boundary to a point about 36 chains south-east from the north-west corner of survey No. 66 of Durgadahalli.

West. Thence north-east through survey No. 66 of Durgadahalli for about 55 chains to its easternmost corner; then north-east through survey No. 61 for about 30 chains till it meets the junction of two nallas, that is, a point about 6 chains south from the north-east corner, of survey No. 84 of the same village, then north-east for about 34 chains through survey No. 61 to a point about 10 chains south from the southernmost corner of survey No. 78 of the said village; then north for about 15 chains along the east side of survey No. 61 to a point about 9 chains east from the north-east corner of survey No. 78; then north along the east side of survey No. 61 for about 9 chains to the south-east corner of survey No. 2; then north-west for about 5 chains along the east side of the said survey number to the starting point.

Remarks A.

The following rights of way are admitted within the block throughout the year:—

1. Foot-path from Mudagundi to survey No. 48, 6 feet wide and about 32 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 10 chains west from the westernmost corner of survey No. 19 of Mudagundi, runs south-west and south through survey No. 47 of the same village and reaches survey No. 48 which is treated as an enclosure.

II. Foot-path from survey No. 37 of Mudagundi to the Bidarthale enclosure (enclosure 2) 6 feet wide and 157 chains long, for men and cattle. It enters the forest in its northern boundary at a point about 12 chains south from the south-east corner of survey No. 40 of the same village, runs south, south-west, and south-east through survey Nos. 45, 49 and 55 and reaches the Bidarthale enclosure.

III. Foot-path from Harohatti (survey No. 34 of Mogur) to Bitherthale, (enclosure No. 2) 6 feet wide and about 45 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 10 chains south, from the south-west corner of survey No. 34 of Megur, goes south-west and west through survey No. 45 along the Bidarthale halla to the said enclosure.

IV. High road from Mudgere to Mangalore is admitted for the public as usual. It enters the forest in its northern boundary at the south-east corner of survey No. 170 of Balur, runs north-west between survey Nos. 168 and 170 of Balur, south-west between survey Nos. 220 and 171; then south-east between survey Nos. 171 and 172 of Balur; then west between survey Nos. 139, 142 and 143 of Attigere; then between survey Nos. 155, 143, 144 and 155 of the said village and quits the forest in its southern boundary at a point about 5 chains east from the south-east corner of survey No. 156.

V. Foot-path branching from Mudgere-Mangalore high road and leading to Hulichowdi temple in survey No. 142 of Attigere, 6 feet wide and about 154 chains long, for men and cattle. It branches from the high road to the south-east corner of survey No. 170 where the temple of Kodalavadaya is situated, runs south-west and west through survey Nos. 139 and 142 and reaches Hulichowdi temple.

VI. Foot-path from Taruve to survey No. 88 and Chowdammanagudi in survey No. 49 of Taruve, 6 feet wide and about 62 chains long, open for men and cattle. It enters the forest in its northern boundary at the north-west corner of survey No. 47 of the same village, runs south-west through survey No. 49 and reaches the temple.

VII. Foot-path branching from the above and leading to survey No. 48 (enclosure), 6 feet wide and about 26 chains long, open for men and cattle. It branches from the foot-path No. VI *supra*, goes south-east through survey No. 49 to the said enclosure.

VIII. Foot-path leading from survey No. 88 to survey No. 89 of Taruve, 6 feet wide and about 21 chains long, open for men and cattle. It begins at the north-west corner of survey No. 88, goes west through survey No. 49 and survey No. 89 (enclosure).

IX. Foot-path branching from the demarcation line and leading to survey No. 90 is admitted for men and cattle. It branches from the demarcation line at the westernmost corner of survey No. 50 of Taruve, runs south-west through survey No. 49 to survey No. 90 treated as an enclosure.

No. R. 5856-9—Ft. 99-13-4, dated 7th January 1915.

X Foot-path from Mundagodukotige to the Kogilebarmale estate and from there to survey Nos. 3 and 4 (enclosure) 6 feet wide and about 19 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 9 chains east from the 7th bend in the west side of survey No. 112 of Kogile, runs west through the said survey No. 112 and reaches the Kogilebaremale Coffee Estate, then again it begins at a point about 4 chains south-west from the 2nd bend in the east side of survey No. 1 of the said Estate runs north-west through survey No. 2 and reaches the enclosure survey Nos. (3 and 4).

XI. Foot-path from Kodadale (hamlet of Kogile) to survey No. 105 of Kogile treated as an enclosure, 6 feet wide and about 7 chains long, open for men and cattle. It enters the forest in its northern, boundary at a point about 19 chains north-west from the south-west corner of survey No. 104 of Kogilo, runs west through survey No. 98 of the same village, and reaches the said enclosure.

XII. Foot-path from Devarmane (Dakhale of the Gutti village) to survey No. 96 of Kogile, treated as an enclosure, 6 feet wide and about 9 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 9 chains west from the north-west corner of survey No. 93 of Kogile, runs west through survey No. 97 of the same village to the said enclosure.

XIII. Foot-path from Devarmane, Dakhale of Gutti, to survey No. 233 of Gutti, treated as an enclosure, 6 feet wide and 35 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 15 chains west from the south-west corner of survey No. 93 of Kogile, goes north-west through survey No. 232 of Gutti and reaches the said enclosure.

XIV. Foot-path branching from the above and leading to survey No. 234 of Gutti, treated as an enclosure, 6 feet wide and about 6 chains long, open for men and cattle. It branches from foot-path No. XIII *supra* runs west through survey No. 232 and reaches the enclosure (survey No. 234).

XV. Foot-path from Devarmane, Dakhale of Gutti, to survey Nos. 230, 229, and 272 of Gutti, treated as an enclosure, 6 feet wide and about 222 chains long, open for men and cattle. It enters the forest in its northern boundary at the south-west corner of survey No. 8 of Gutti, runs west and south through survey No. 232, then south along the demarcation line, then again through survey Nos. 232, 231 and 227 and reaches the enclosure No. 17, in the Gutti village, and again it enters the forest in the said enclosure at a point 5 chains south from the south-west corner of survey No. 229 of Gutti, goes south through survey No. 227 for about 46 chains and reaches the enclosure survey No. 272.

XVI. Foot-path from Devarmane to the enclosure No. 17, 6 feet wide and about 55 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 23 chains south-east from the south-west corner of survey No. 8 of Gutti runs south through survey No. 235 and reaches the said enclosure.

XVII. Foot-path leading from survey No. 200 of Gutti to enclosure No. 17, 6 feet wide and about 15 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 8 chains south-west from the south-west corner of survey No. 202 of Gutti, goes west through survey No. 205 and reaches the said enclosure of Gutti.

XVIII. Foot-path from survey No. 199 of Gutti to survey Nos. 214, 221, 222 and 223 of the same village treated as enclosure, 6 feet wide and about 36 chains long, for men and cattle. It enters the forest in its northern boundary at the north-west corner of survey No. 199, runs south through survey No. 212 to the enclosure (survey No. 214); then it leaves the same enclosure at a point about 8 chains south from the south-east corner of survey No. 214, runs south and south-west through survey Nos. 212 and 220 for about 87 chains and reaches the enclosure survey No. 222 touching the north-west corner of survey No. 221, and then from there it runs for 12 chains to enclosure, survey No. 223.

XIX. Foot-path from survey No. 199 to survey Nos. 246 and 247 of Gutti, treated as enclosures, 6 feet wide and about 7 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 13 chains south from the south-west corner of survey No. 264 of Gutti, runs north-west through survey No. 212 to the enclosure (survey No. 246) and from there runs to survey No. 247 (enclosure), through survey No. 212 for 10 chains.

XX. Foot-path from survey No. 199 of Gutti to the enclosure (survey Nos. 243, 244 and 245) of the same village, 6 feet wide and 16 chains long, open for men and cattle. It enters the forest in its northern boundary at a point about 15 chains north-west from the south-west corner of survey No. 199, runs west through survey No. 212 to the said enclosure.

XXI. Foot-path from urbage to survey No. 372 (enclosure), 6 feet wide and about 30 chains long, open for men and cattle. It enters the forest in the northern boundary at a point about 6 chains south-west from the south-east corner of survey No. 2 of Mudarballi, goes west along the demarcation line and along the north side of survey No. 185 to the said enclosure.

XXII. Foot-path from Urbage to survey Nos. 345 and 369 (enclosure) 6 feet wide and about 74 chains long, open for men and cattle. It enters the forest in its northern boundary at the westernmost corner of survey No. 360 of Urbage, goes west along the demarcation line and then north-west through survey No. 186 to the said enclosure.

XXIII. Foot-path branching from the demarcation line and leading to the enclosure comprising survey Nos. 346, 347, 348, 189 and 361 of Urbage, 6 feet wide and about 46 chains long, for men and cattle. It branches at the westernmost corner of survey No. 344 and runs south-west through survey No. 362 to the said enclosure.

XXIV. Foot-path leading from the above enclosure to the enclosure survey No. 187 of Urbage, 6 feet wide and about 83 chains long, open for men and cattle. It begins in the enclosure No. 28 and runs west through survey No. 190 and reaches the enclosure (survey No. 187).

No. R. 5856-6—Ft. 99-13-4, dated 7th January 1915.

XXV. Foot-path from Gutti to survey No. 187 (enclosure) and from there to enclosure comprising survey Nos. 352, 351 and 350 of Urbage, 6 feet wide and about 110 chains long, open for men and cattle. It begins in the No. 17 enclosure in the Gutti village and runs south-east and south-west through survey Nos. 226 and 220 of Gutti and survey No. 186 of Urbage and reaches the enclosure (survey No. 187) and again it leaves the said enclosure and runs south-west through survey No. 188 for 40 chains and reaches the enclosure comprising survey Nos. 352, 351 and 350.

XXVI. Foot-path from Urbage to enclosure, survey No. 153 of Bairapur, 6 feet wide and about 31 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 3 chains south-west from the south-west corner of survey No. 228 of Urbage, runs west through survey No. 90 of Bairapur and reaches the said enclosure.

XXVII. Foot-path leading from Bairapur to the South Canara frontier, 6 feet wide and about 110 chains long, open for men and cattle. It enters the forest in its eastern boundary at a point about 10 chains south-west from the north-west corner of survey No. 92 of Bairapur goes south-west, south and south-west through survey Nos. 91, 96, 87 and 88 and quits the forest in its southern boundary at a point 18 chains north-west from the northernmost corner of survey No. 148 of Bairapura.

B. 1. The following concessions are admitted within the block :—

1. Survey No. 48 of Mudagundi will be treated as an enclosure with a margin of 5 chains all round. Access to it will be by means of foot-path No. I. *supra*.

2. Survey Nos. 50, 51, 52, 53 and 69 of Mudagundi are formed into a block and treated as an enclosure. Its boundary will be as follows :— It begins at a point about 17 chains east from the north-east corner of survey No. 55 of Mudagundi and runs east along the north side of survey No. 54 for a distance of 24 chains, then south and south-west through survey No. 54 for about 41 chains to a point about 5 chains east from the south-east corner of survey No. 52, then south-east for about 29 chains through the said survey No. 54 to a point about 5 chains east from the easternmost corner of survey No. 69, then south-west for about 18 chains south from the south-east corner of survey No. 69, then west for about 13 chains to a point 5 chains south from the southernmost corner of the said survey number; thence north-west for about 27 chains to a point about 5 chains south from the south-west corner of the same survey number then north-west for about 15 chains to a point about 5 chains west from the westernmost corner of the said survey number then north for about 10 chains to a point about 5 chains west from the westernmost corner of the same survey number then north-east for about 12 chains till it meets the halla; then north for about 8 chains to a point 5 chains north-west from the north-west corner of survey No. 69, then north-east for about 18 chains to a point about 5 chains north from the north-west corner of survey No. 52, then north in a straight line for about 28 chains till it meets the starting point. Access will be by means of foot-paths Nos. II and III *supra*.

3. Survey Nos. 157, 158 and 159 of Attigere forming one block is treated as an enclosure. Access to it will be by means of a foot-path branching from the Mudgere-Mangalore high road.

4. Hulichowdi temple in Survey No. 142 of Attigere is treated as an enclosure, access to it being by means of foot-path No. V *supra*.

5. The temple of Jankal bhootha in Survey No. 143 of Attigere is treated as an enclosure, access to it being by means of the Mudgere-Mangalore high road.

6. Survey No. 89 of Taruve is treated an an enclosure, access to it being by means of foot-path No. VIII *supra*.

7. Survey No. 88 of Taruve is treated as an enclosure, access to it being along the foot-path No. VI *supra*.

8. Survey No. 48 is treated as an enclosure, access to it being along the foot-path No. VII *supra*.

9. Chowdamma's temple in survey No. 49 is treated as an enclosure, access to it being along the foot-path No. VI *supra*.

10. Survey No. 90 is treated as an enclosure, access to it being along the foot-path No. IX *supra*.

11. Survey Nos. 3 and 4 of Kogilibaremale estate forming one block is treated as an enclosure, access to it being along the foot-path No. X *supra*.

12. Survey No. 1 of Kogilibaremale estate is treated as an enclosure, access to it being along the foot-path No. X *supra*.

13. Survey No. 105 of Kogile is treated as an enclosure, access to it being by means of foot-path No. XI *supra*.

14. Survey No. 96 of Kogile is treated as an enclosure, access to it being by means of foot-path No. XII *supra*.

15. Survey No. 233 of Gutti is treated as an enclosure, with a margin of 5 chains all round, access to it being by means of foot-path No. XIII *supra*.

16. Survey No. 234 of Gutti is treated as an enclosure with a margin of 5 chains all round, access to it being by means of foot-path No. XIV *supra*.

17. Survey Nos. 271, 224, 225, 269, 218, 219, 217, 216, 230, 229, 215, 252, 251, 211, 210, 249, 250, 206, 259, 254, 204, 261, 257, 256, 255, 253, 258, 260, 207, 262, 263, 208, 209, of the Gutti village are formed into a block and treated as an enclosure. Its boundary will be as follows:—

Starting from a point about 5 chains north-west from the north-west corner of survey No. 262 the line runs north-east for about 15 chains through survey No. 235 till it meets the halla; then south-east for about 20 chains through the same survey No. till it meets the south side of survey No. 235 at a point 5 chains east from the north-east corner of survey No. 260, then south for about 8 chains till

it meets the north-west corner of Survey No. 203: then along its west side to its south-west corner; then south-west for 4 chains, then south-east for about 12 chains to a point about 5 chains north from the north-west corner of Survey No. 256; then east for about 10 chains to a point about 5 chains north from the north-east corner of Survey No. 255: then south-east for about 10 chains to a point about 5 chains east from the easternmost corner of Survey No. 255; then south-west for about 21 chains to a point about 5 chains south from the south-east corner of Survey No. 204, then west for about 10 chains and east for about 13 chains to a point 5 chains east from the south-east corner of Survey No. 251; then south-west for about 20 chains to a point about 5 chains east from the north-east corner of Survey No. 252; then south for about 14 chains to a point about 5 chains east from the south-east corner of Survey No. 215; then south for about 25 chains to a point about 5 chains east from the south-east corner of Survey No. 219; then south-east for about 26 chains to a point about 5 chains north-east from the north-east corner of Survey No. 224; then south-west for about 18 chains till it meets the halla; then south along the said halla for about 5 chains; then across the halla in a westerly direction for about 16 chains through survey Nos. 226 and 227; then north for about 15 chains to a point about 7 chains north-west from the north-west corner of Survey No. 271; then in the same direction for about 35 chains to a point about 5 chains west from the south-west corner of survey No. 217; then west for about 21 chains till it meets the demarcation line of the forest; then along the said demarcation line for about 16 chains to a point about 6 chains north-west from the south-west corner of Survey No. 230; then north east for about 15 chains to a point about 7 chains west from the north-west corner of Survey No. 216, then north for about 7 chains, then north-west for about 6 chains to a point about 5 chains west from the south-west corner of Survey No. 210; then north for about 15 chains to a point about 5 chains west from the south-west corner of Survey No. 209; then north for about 5 chains to a point about 5 chains west from the north-west corner of Survey No. 209; then north-west for about 15 chains to a point about 5 chains west from the south-west corner of Survey No. 263; then north for about 25 chains to a point about 5 chains west from the north-west corner of Survey No. 263 and then north through Survey Nos. 231 and 235 for 29 chains to the starting point. Access to it will be by means of foot-paths Nos. XV, XVI, and XVII *supra*.

18. Survey No. 214 of Gutti is treated as an enclosure with a margin of 5 chains all round, access to it being along the foot-path No. XVIII, *supra*.

19. Survey No. 247 of Gutti is treated as an enclosure with a margin of 5 chains all round.

20. Survey No. 246 is also treated as an enclosure. Access to it will be by means of foot-path No. XIX *supra*.

21. Survey Nos. 243, 244 and 245 of Gutti are clubbed together and treated as an enclosure with a margin of 5 chains all round. Access to it will be by means of foot-path No. XX *supra*.

22. Survey No. 221 of Gutti is treated as an enclosure, access to it being by means of foot-path No. XVIII *supra*.

23. Survey No. 222 of Gutti is treated as an enclosure with a margin of 5 chains on 3 sides, access to it being by means of foot-path No. XVIII *supra*.

24. Survey No. 223 of Gutti is treated as an enclosure with a margin of 5 chains all round, access to it being by means of foot-path No. XVIII *supra*.

25. Survey No. 272 of Gutti is treated as an enclosure with a margin of 5 chains on three sides, access to it being by means of foot-path No. XV *supra*.

26. Survey No. 372 of Urbage is treated as an enclosure, access to it being by means of foot-path No. XXI *supra*.

27. Survey Nos. 345 and 369 of Urbage are clubbed together and treated as an enclosure, access to it being by means of foot-path No. XXII *supra*.

28. Survey Nos. 346, 347, 348, 189 and 361 of Urbage are clubbed together and treated as an enclosure, access to it being by means of foot-path No. XXIII *supra*.

29. Survey No. 187 of Urbage is treated as an enclosure access to it being by means of foot-paths Nos. XXIV and XXV *supra*.

30. Survey Nos. 352, 351 and 350 of Urbage are clubbed together and treated as an enclosure, access to it being by means of foot-path No. XXV *supra*.

31. Survey No. 153 of Byrapura is treated as an enclosure, access to it being by means of foot-path No. XXVI *supra*.

B. II (*a*) Each family in Byrapura is allowed to remove annually from the valley known as Jargalmale in survey No. 91 of the said village 4 head-loads of cane for agricultural and other purposes.

(*b*) The villagers of Byrapura are also entitled to remove annually 18 head-loads of cane therefrom for the Rameswara temple at Devarrinda village, 6 head-loads of the same for the Subramaneswaraswami temple at Gonibid Agrahar, and 12 head-loads of the same for the Channakeswaraswami temple at Belur.

(*c*) The raiyats of Bettigere and Kuniyala (Dakhale of Durgadahalli) are permitted to graze their cattle 72 and 54 respectively free in the reserve during the prescribed season.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

Exd.—C. R.

No. 5856-9—Ft. 99-13-3, dated 7th January 1915.

(Accompaniment.)

Letter No. 3, dated Bangalore, the 31st July 1913, from C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kadur District.

I have the honour to report on the conclusion of the settlement of the Balur Block in the Mudgere Taluk of the Kadur District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 195 and 196, Part I of the English issue of the *Mysore Gazette* dated 14th March 1907 and the proclamation under Section 5 of the said Regulation was issued by my predecessor Mr. M. Shama Rao and the same was published on pages 274 and 276 of the Kannada issue of the *Mysore Gazette*, Part II dated 3rd June 1907.

The proclamatory notices were got served on the villagers concerned through the Amildar of the Mudgere Taluk.

3. The locality was inspected and perambulated by me in company with the Sub-Assistant Conservator Mr. M. A. Varadachar on the 2nd and 5th April 1912.

4. During the enquiry, the undermentioned thirty-four claims were preferred to me:—

(i) Four claims to right of grazing.
(ii) Eight claims to right of way.
(iii) Twenty-two claims to miscellaneous rights.

All the claims in (i) and (ii) were admitted and sufficient extent of lands was excluded from the proposed reserve for grazing of the cattle of the raiyats concerned.

Of the twenty-two claims in (iii) eighteen were fully admitted, three partly admitted and one rejected.

5. The Deputy Commissioner has intimated in his docket No. 1120, dated 2nd—5th October 1912, that no appeals have been preferred to him against my decision relating to the settlement of the block in question.

6. The following records are herewith submitted:—

1. 'B' Register.
2. 'C' Register.
3. Sketch map.
4. Boundary notification.
5. Topo-tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Balur State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Ramappagowda, patel of Durgadahalli.	1st April 1912.	States that if the line is confirmed, the raiyats will be put to inconvenience for want of pasturage for the cattle of dakhale villages of Thotadamane, Kodagigadde, Hedduray Kamana Kodagi, Kuniyala and Betigere which are scattered over the village lands, and begs that lands to the south and west of the tank known as Halepalaykere may be excluded from the reserve for grazing purposes.	.....	In this village I have no objection to the land situated to the north of the red line marked in the village map being set apart for the use of the village as it is entirely a bare hill and serves no useful forest purpose. The altered line will also obviate the difficulty and expense of the demarcation.	*1 and 2.* In the Durgada halli village, parts of gomal survey Nos. 61 and 66 to the extent of 510 acres have been proposed to be included within the reserve in question. The extent left for the use of the raiyats is 953 acres of gomal. This village contains 89 houses with a population of 473 persons and a stock of 602 head of horned cattle. The area of gomal remaining for the village is apparently more than enough. But considering the fact that it consists of no less than 5 dakhale villages detached from one another and that the village lands are interpersed with coffee cultivation, it seems necessary to provide pasture lands in the neighbourhood of the hamlets. Besides, most of the lands proposed from Durgadahalli for being included in the forest are tree-less plots containing good pasturage for the village cattle: and these are of no advantage to the Forest Department. I would accordingly exclude portions of survey Nos. 66 and 61 to the extent of about 300 acres from the reserve. I therefore, direct that the demarcation line be deviated at a point in the western boundary of the village about 54 chains north from the south-west corner of the village and run it eastwards through survey No. 66 in a straight line for about 55 chains till it meets the south-west corner of survey No. 61, thence north-east for about 30 chains through survey No. 61 till it meets the junction of two hallas, then in the same direction for about 34 chains till it meets the gadi bandhs on the eastern boundary of the village at a point about 9 chains south-east from the southernmost corner of survey No. 78 and then along the eastern boundary of the village for about 27 chains. By this arrangement, an adequate area of pasture lands of about 302 acres in and around the famous historic old fort of	.....	.....
2	Manjappagowda, khatedar, survey No. 84 of Durgadahalli.		States that survey No. 84 is included in the reserve and requests that it may be treated as an enclosure with sufficient margin for grazing purposes with access to it along the foot-path branching from the cart-track leading to Ballalarayendurga.	.....	As the alteration of the boundary line suggested above will exclude survey No. 84, no consideration of any concession seems necessary.		.....	.....

As the alteration of the boundary line suggested above will exclude survey No. 84, no cosideration of any concession seems necessary.		.....	.....

No. R. 5856-9—FT. 99-13-4, DATED 7TH JANUARY 1915.

3							
	Ramappagowda, patel of Haligadaka Coffee Estate.	1st April 1912.	Represents that the raiyats of Bettigere (Dakhale of Durgadahalli and Kuniyala (also dakhale village of Durgadahalli) have been grazing their cattle in the Haligadaka Coffee Estate and that this right may be conceded to them.	.....	The grazing right as prayed for, may be granted, but with a limit to the number of cattle that may be allowed, as the hamlets requiring this concession are small in area.	Haligadaka Coffee Estate is a bechiraki village. As the preliminary demarcation line touches the edge of occupied survey No. 58 of Madagundi, it has to be shifted farther away. I decide that the line be deviated at the south-west corner of the same survey number and made to run south-east in a straight line for about 30 chains till it meets the east sides of survey No. 1 of Haligadaka Coffee Estate at the gadibandhs situated at a distance of 34 chains north from the south-east corner of the said village. As the raiyats of Bettigere and Kuniyala have been enjoying the raiyat of grazing in the lands of the Haligadaka estate and as these hamlets are hemmed in by a big halla on one side and the coffee estate on another side preventing them from taking their cattle to the pasture lands of the Asli village of Durgadahalli, I concede to them the right of free grazing within the kharab lands of Haligadaka coffee estate. Of course this concession will be limited to the present stock of cattle in the two hamlets (54 for Kuniyala and 72 for Bettigere) mentioned above, during the prescribed season. Owing to the alteration in the preliminary demarcation line as ordered above, an extent of 10 acres will be excluded out of the area proposed for the reserve from this village. C. VENKATA RAO, Forest Settlement Officer, 3rd April 1912.	.....	Badlapalyavindugra will be secured for the use of the village cattle, while it obviates no less than 4 curves in the forest boundary. Besides, it has the advantage of the forest boundary being shifted away from the two coffee estates (viz., survey Nos. 62 and 78) which it now touches, in addition to securing to the villagers the free use of two tanks which supply water to the village and village cattle. The modified line also excludes survey No. 84 which otherwise should have been treated as an enclosure. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Balur State Forest—*contd.*

No.	Name of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
4	Venkatappagowda, patel of Mudagundi.	1st April 1912	States that the area now left for the use of the raiyats of the village is inadequate for grazing and other requirements, and prays therefore that 200 acres more may be excluded for their use.	.....	There is no objection to the tract of land situated to the north of the red line marked on the map of this village being excluded for the benefit of the raiyats.	The preliminary demarcation line runs at the edge of some cultivated lands in the village of Mudagundi. Besides, it runs close to some dwelling houses. Thus, there is no alternative but to shift the line farther to the south. In consideration of the fact that this village has to contribute according to the proposal of the Forest Department no less than 4,370 acres consisting of the village kharab and gomal lands I would grant the prayer of the village patel to exclude 200 acres close to the village for the communal purposes of the raiytas concerned. I accordingly, direct that the line be deviated at the common gadi bandhs of Mudagundi and Haligadaka Coffee Estate situated at a distance of 35 chains north from the south-west corner of Survey No. 47 and made to run south-east in a straight line for about 53 chains till it meets the halla in Survey No. 47 and then north-east in a straight line for about 36 chains through Survey Nos. 47 and 45 till it meets the northern boundary of the latter survey number at a point about 17 chains east from the south-east corner of Survey No. 40 and then east along the said boundary of Survey No. 45 for 74 chains in a straight line till it meets the eastern boundary of the village. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	.....	
5	Venkatappagowda, patel of Mudagundi.	1st April 1912	Represents that the preliminary demarcation line runs close to the Guttiamma temple in survey No. 43 and that the line may be shifted farther away as a jatra takes place there annually and on several occasions, people go there for making offerings.	.....	.....	5 The alteration of the demarcation line as ordered above excludes the temple in question, from the reserve. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	.....	

6	Venkatappa, patel of Mudagundi.	1st April 1912	Requests that survey Nos. 50, 51, 53 and 69 which are occupied lands included in the reserve may be treated as enclosures with sufficient extent of lands around them for grazing and other purposes.	.....	In treating occupied lands as enclosures a margin of 2 chains around each is found sufficient.	Survey Nos. 50, 51, 52, 53 and 69 will be formed into an enclosure having its boundary as follows :— It will begin at a point about 17 chains east from the north-east corner of survey No. 55 and run east along the north side of survey No. 54 for a distance of 24 chains, then south and south-west through survey No. 54 for 41 chains to a point about 5 chains east from the south-east corner of survey No. 52, then south-east for about 29 chains through the said survey No. 54 to a point about 5 chains east from the easternmost corner of survey No. 69, then south-west for about 18 chains to a point about 5 chains south from the south-east corner of survey No. 69, then west for about 13 chains to a point 5 chains south from the southernmost corner of the said survey number, thence north-west for about 27 chains to a point about 5 chains south from the south-west corner of the same survey number, then north-west for about 15 chains to a point about 5 chains west from the westernmost corner of the said survey number, then north for about 10 chains to a point about 5 chains west from the western corner of the same survey number, then north-east for about 12 chains till it meets the halla, then north for about 8 chains to a point about 5 chains north-west from the north-west corner of survey No. 69, then north-east for about 18 chains to a point about 5 chains north from the north-west corner of survey No. 52, then north in a straight line for about 28 chains till it meets the starting point. Right of way to the above enclosure will be along the foot-path shown in the village map and leading from survey No. 37 through survey Nos. 45, 49 and 55. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	...	...
7	Ascertained by the Forest Settlement Officer.	1st April 1912	Requests that the occupied survey No. 48 of Mudagundi may be treated as an enclosure in the block.	...	.....	Survey No. 48, Mudagundi, will be treated as an enclosure with a margin of 5 chains all round, access to it being along the west side of survey No. 47. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	...	...

B.—Register of claims to lands, rights to forest produce or easements in the proposed Balur State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
8	Venkatappagowda, patel of Mudagundi.	1st April 1912	Requests that a right of way to the foot-path leading to Bitherthale, situated close to survey No. 50 may be admitted.	...	May be admitted.	Claim admitted (*vide* claim 6). C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	...	...
9	Yeeragowda, khatedar of survey Nos. 42, 43, 33 and 34 in the Magur village.	1st April 1912	Represents that the preliminary demarcation line runs close to survey No. 34 where he has built a house, and survey Nos. 42, 43 and 36 and that the line may be shifted farther away, so as to give more lands for pasturage of the cattle between preliminary demarcation line and Horahatti halla.	...	The representation made by this man against the present run of the line appears to me reasonable. In order to obviate inconvenience caused thereby, and in view of affording a little more area for pasturage, I am of opinion that a reasonable area may be left out, having regard to simplification of demarcation work.	The extent proposed for being included in the forest out of Magur is 500 acres of gomal and 24 acres, 38 guntas of kharab, leaving for the communal purposes of the villagers 1,395 acres of gomal. According to the latest Khanesmari accounts the village owns 439 head of horned cattle. The above extent of gomal left for the pasturage is more than what is required. The line requires some modification as it runs close to some cultivated lands and also some dwelling houses. I would like to leave a margin of about 10 chains from them. I accordingly direct that it be deviated at the easternmost bend of survey No. 45 and be made to run south-west along the Balar gadi for about 11 chains, then due west through survey No. 45 for 84 chains in a straight line so as to meet the western boundary of the village at a point about 60 chains north from the south-west corner of the village and then north for about 27 chains along the western boundary of the village. C. VENKATA RAO, Forest Settlement Officer. 3rd April 1912.	...	...
10	Yeeregowda, khatedar of survey Nos. 42, 43, etc., of Magur.	5th April 1912	Requests that right of way to Biderthale, in survey No. 54 of Mudagundi may be admitted.	...	May be admitted.	Right of way to the foot-path leading to Biderthale from Horehatti in survey No. 34 and passing through survey No. 45 along the Biderthale halla and through survey No. 44 will be admitted for men and cattle throughout the year, as also its continuation through survey No. 54 of Mudagundi. C. VENKATA RAO, Forest Settlement Officer. 5th April 1912.	.....	.....

11 & 12.

11	Hutchegowda, patel-gumasta of Balur.	30th Mar. 1912	States that he has no objection to the inclusion within the reserve his village lands, beyond the iron girder bridge where a toll-gate is established.	...	.....	194 acres of gomal and 51 acres and 32 guntas of kharab lands, out of the village of Balur are proposed for being included in the reserve. Deducting this extent, there will remain 2.740 acres of gomal for the grazing of 1,014 head of horned cattle. This is more than ample. But, the preliminary demarcation requires alteration near survey No. 173 (coffee estate) in the possession of L. Arnha.	.....	.....
12	L. Arnha, lessee of the coffee estate (survey Nos. 173 and 219) of Balur.	5th April 1912	Represents that the preliminary demarcation line touches the survey No. 173 and divides the adjoining survey No. 220 on which his cattle depend for pasturage, and that the line may be so deviated as to exclude survey No. 220 out of the reserve.	...	.....	Besides, it unequally cuts the adjoining survey No. 220 on which the cattle of the coffee estate depend for pasturage. I decide that it be deviated at the south-east corner of survey No. 169 and made to run along the Mangalore high road for about 17 chains and then along the south side of survey No. 220 so as to exclude this survey number altogether. With this modification, the forest boundary line in Balur will be confirmed. C. VENKATA RAO, Forest Settlement Officer. 5th April 1912.		
13	Hutchegowda, patel of Balur.	30th Mar. 1912	Right of way to the high road leading to Kodiyala may be admitted.	...	..... 14	Somegowda, patel of Attigere.	4th April 1912	States that there is no objection to the lands being taken up for the reserve provided that sufficient area for grazing and for the exercise of other rights such as removal of soppu for manure, and fuel for house-hold purposes is excluded from the reserve.	...	The line may be shifted a little farther so as to give the raiyats some more grazing lands.	Owing to the vastness of the village achakat the lands are plotted on two maps. According to the proposal of the Forest Department, the whole of the land shown in the village map No. 2 has to be included in the reserve, even after deducting this extent, there remains 904 acres of gomal for grazing and other purposes of the raiyats concerned. But, as the dakhale villages of Dyavangur and Chekode are situated at a distance from the common pasture lands referred to above, the patel represents that the lands to the south of the Aiyanur halla may be excluded for their benefit. I am of opinion that this request is rather extravagent. I would exclude about 48 acres out of the lands situated to the south of the said halla. I accordingly direct that the demarcation line running from the hotte	.....	.....

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2		3	4	5	6	7	8	9
						bandhs in the Turve village gadi about 39 chains west from the south-east corner of Survey No. 139 of Attigere as far as the Mangalore high road and thence along the said high road for about 67 chains be cancelled, and in lieu thereof the demarcation line be made to run from the hotte bandhs mentioned above in a north-westerly direction for about 27 chains so as to meet the bandhs at the western-most corner of Survey No. 140 and thence in the same direction for ten chains till it meets the Balur gadi. C. VENKATA RAO, Forest Settlement Officer. 10-4-12.		
15	Somegowda, patel of Attigere.	4th Apl. 1912	Requests that the temples of Kadalavadaya, Hulichowdi and Janakal Bhuta may be treated as enclosures in the block, with right of ways thereto.	.....	As regards temples Hulichowdi is the only important one situated within the reserve. It may be treated as an enclosure giving the needful right of way. The others are situated close to road side and require only right to perform puja.	(1) The temple of Kadalavadaya will be excluded by the alteration in the boundary line of the reserve as ordered. There is therefore no necessity to pass orders regarding the claims of the raiyats thereto. (2) The temple of Hulichowdi in Survey No. 142 will be treated as an enclosure within the block, access to it being along the foot-path branching from the Mangalore high road through Survey Nos. 139 and 142. (3) The temple of Janakal Bhuta in Survey No. 143 to which the villagers go for worship will also be treated as an enclosure, access to it being along the high road leading to Mangalore. C. VENKATA RAO, Forest Settlement Officer. 10-4-12.	.....	

18	Ascertained by the Forest Settlement Officer.	4th Apl. 1912	Survey Nos. 157, 158 and 159 of Attigere which are occupied lands may be treated as enclosures.	.....	For survey Nos. 157, 158 and 159 in the holding of Subbegowda, a right of way from nearest high road is all that seems necessary, when they are treated as enclosures.	Survey Nos. 157, 158 and 159 will be treated as enclosures within the block, access thereto being along the foot-path branching from the Mangalore high road. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
17	Somegowda, patel of Attigere.	Do ...	Requests that a right of way to the high road leading from Mudgere to Mangalore may be admitted.	.....	Do ...	Admitted. *Vide* also claim 13. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
16	Puttegowda, patel of Tarve.	Do ...	States that survey No. 49 to which the cattle go for grazing may be excluded altogether.	.....	As this village has got extensive gomal land for its grazing requirements, no further consideration appears necessary.	About 1.067 acres of gomal land still remain for the use of the village even after deducting the large extent of lands proposed to be included in the block in question, and this extent is more than enough for the grazing of 174 head of cattle owned by the villagers. I therefore confirm the line laid out within the limits thereof and reject the prayer of the patel to exclude survey No. 49. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
19	Puttegowda, patel of Tarve	4th Apl. 1912.	Requests that the temple in survey No. 48 known as Chowdamma's temple may be excluded, with access to it along the foot-path through Survey Nos. 47, 49 and 48.	.....	Do ...	The temple of Chowdamma in survey No. 49 will be demarcated out free from reservation and treated as an enclosure. Right of way to the foot-path leading from the point of intersection of the forest boundary line with the east side of survey No. 49 through the same survey number will be admitted for men and cattle throughout the year. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
20	Ascertained by the Forest Settlement Officer.	Do ...	Survey Nos. 48;88,89 and 90 may be treated as enclosures with access to them.	.....	Do ...	Survey Nos. 48, 88, 89 and 90 will be treated as enclosures within the block. Access to survey No. 48 will be by means of foot-path branching from the foot-path mentioned in claim 19. Access to survey No. 88 will be by means of foot-path	.....

						mentioned in claim 19. Access to survey No. 89 will be by means of foot-path branching near survey No. 88 from foot-path mentioned above. Access to survey No. 90 will be by means of the foot-path branching from the demarcation line. C. VENKATA RAO. Forest Settlement Officer. 10th April 1912.		
21	Joganagowda, patel of Kogila.	4th Apl. 1912	States that as the preliminary demarcation line touches some cultivated lands and hamlets it may be shifted farther away to wate halla boundary with a view to leave some more lands for communal purposes of the raiyats.	.....	As the village has got over 1,600 acres of gomal land for 142 head of cattle, there seems no necessity for leaving out more area for communal purposes. A margin 5 chains from the edge of cultivation will be left while cutting the final demarcation line.	The area remaining for the use of the raiyats and their cattle is about 1,608 acres of gomal, and this is more than necessary for the grazing of 142 head of cattle. But as the line passes through the occupied land bearing survey No. 104 which has not been proposed to be acquired, it requires to be shifted from there as well as from survey Nos. 9 and 93 which it touches. The line running close to the dwelling houses in the hamlets of Kodadahadlu and Mundugodu Kotige on the west side of survey No. 5 also requires shifting with a view to more grounds in the village vicinity being set apart for grazing and other requirements of the raiyats concerned. I accordingly direct that it be shifted from the north-west corner of survey No. 5 to the north-west corner of the village and be made to run along the eastern boundary of the Kogile Baremale Estate for a distance of 64 chains up to the 7th bend of survey No. 112 of Kogile village near the wate halla, then south-east in a straight line for 158 chains through survey Nos. 112, 98 and 100 to a point about 18 chains west from the north-west corner of survey No. 90 and thence south-west in a straight line through survey No. 100 for about 63 chains till it meets the south-east corner of survey No. 97. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....	

22	Joganagowda, patel of Kogile.	4th Apl. 1912	Request that right of way to the foot-path from Mundagodu Kotige to Kogilebaremale Estate may be recognized.	.....	May be admitted.	Right of way to the foot-path leading from Mundagodu Kotige (hamlet of Kogile) to Kogilebaremale Estate through survey No. 112 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
23	Ascertained by the Forest Settlement Officer.	Do ...	Survey Nos. 96 and 105 of Kogile may be treated as enclosures.	.....	Do ...	Survey Nos. 96 and 105 of Kogile will be demarcated out free from reservation and treated as enclosures. Access to the latter will be by foot-path leading from Kodadale hamlet in survey No. 3. Access to the former will be by foot-path leading from Devarmane through survey No. 100. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
			Kogilebaremale Estate.				
24	Ascertained by the Forest Settlement Officer.	4th Apl. 1912	Requests that the cultivated lands of Kogilebaremale Estate may be treated as enclosures.	.....	May be admitted.	This is a Bechirak village containing cardamom gardens comprising survey Nos. 1, 3, and 4. These will be treated as enclosures. Right of way to the above will be along the foot-path leading from Kogile *via* survey No. 112 of Kogile to survey Nos. 1, 3 and 4. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	.....
						25 and 26.	
25	Puttegowda, patel of Gutti.	5th April 1912	States that the lands adjoining the village and shown in the Map No. (1) may be entirely left for the raiyats and that the cultivated lands may be treated as enclosures with right of way to them.	.....	As the area of gomal land left for the use of the village after proposing the area for the reservation out of this village lands, appears to me to be more than it needs, the line may be confirmed treating the cultivated lands as enclosures with a boundary line.	A very large extent of land belonging to this village, measuring 4,062 acres has been proposed to be included in the Balur block. Arithmetically the extent remaining for the village seems quite adequate. But as the village is all hilly the hamlets in the south near which the preliminary demarcation runs have to be provided with sufficient pasture lands for cattle. Besides, the raiyats of halli cannot cross the Doddaballa during the rainy season and take their cattle to the pasture lands situated on the other side. This necessitates the shifting of the line	.....

						Survey Nos. 233, 234, 247, 246, 214, 221, 223 and 222 of gutti will be demarcated out separately free from reservation with a margin of 5 chains all round and treated as enclosures in the block. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912. Survey Nos. 243, 244 and 245 of Gutti, will be clubbed together and treated as an enclosure, with a margin of 5 chains all round, while survey No. 272 will be treated as an enclosure with a margin of 5 chains on three sides only. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.		
27	Puttegowda, patel of Gutti.	5th April 1912	Requests that right of way to survey Nos. 230 and 229 along the demarcation line between the Mysore and the British frontier and the eastern boundary of survey No. 275 to survey Nos. 228 and 272 along the demarcation line mentioned above and by means of foot-paths branching therefrom to survey Nos. 233 and 234 along the Kogilegadi, to survey Nos. 243, 244 and 245 along the foot-path leading through survey Nos. 199 and 212 and to the other survey numbers proposed to be treated as enclosures along a foot-path leading from the hamlet of Devarmane along the western boundary of survey Nos. 236 and 200 with branches leading to the various survey numbers may be admitted.	.....	May be admitted.	(1) Right of way to enclosure No. 17 will be by means of the foot-path leading from Devarmane (hamlet of Gutti) through survey No. 235. (2) Right of way to survey Nos. 233 and 234 will be along the foot-path leading from Devarmane through survey No. 232. (3) Right of way to survey Nos. 230, 229 and 272 will be along the foot-path leading from Devarmane through survey No. 232, then along the demarcation line and then through survey Nos. 231 and survey No. 227. (4) Right of way to survey Nos. 214, 222, 221 and 223 will be along the foot-path leading from survey No. 199 through survey No. 212 and survey No. 220. (5) Right of way to survey Nos. 255, 256 and 204, will be along the foot-path leading from survey Nos. 200 and 205.	.....	

						(6) Right of way to survey Nos. 247 and 246 will be by the foot-path leading from survey No. 199 through survey No. 212. (7) Right of way to survey Nos. 243, 244 and 245 will be along the foot-path leading from survey No. 199 through survey No. 212. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912.	
28	Byregowda, patel of Urbage.	7th April 1912	States that as the preliminary demarcation line runs at the edge of cardamom gardens bearing survey Nos. 231, 343 and 330 the same may be shifted farther away, *i.e.*, to the edge of the west side of cultivated survey No. 341.	.....	The difficulties represented by the patel of this village are reasonable and there is no objection to obviate them by taking the line as pointed out by him in the map.	It is proposed to include 168 acres, 30 guntas of kharab and 2,164 acres, 39 guntas of gomal belonging to Urbage village within the reserve. The area remaining for communal purposes of the raiyats concerned is more than adequate. As the preliminary demarcation line abuts on some of the cultivated lands, it is necessary to shift the line in the locality where it touches them. I accordingly direct that it be deviated at the southernmost corner of survey No. 360 and be made to run south-west in a straight line for 68 chains touching the northernmost corner of survey No. 339 and then along the north side of survey No. 344 up to the north-west corner of survey No. 340, then along the west sides of survey Nos. 340 and 341, then along the south sides of the latter survey number and survey Nos. 342 and 228 of Urbage village. C. VENKATA RAO, Forest Settlement Officer. 10th April 1912. The following survey numbers will be treated as enclosures in the block:— Survey Nos. 345, 369, 361, 347, 346, 348, 189, 187, 350, 351, 352, and 372. C. VENKATA RAO, Forest Setilement Officer. 10th April 1912.	.....
29	Byregowda, patel of Urbage.	7th April 1912	Requests that right of way may be allowed to all the survey Nos. included within the Reserve.	.....	.....	Access to survey Nos. 345, 369 and 372 will be along the demarcation line on the south side of survey No. 192. Access to the block comprising survey Nos. 346, 347, 348, 189 and 361, will be along the foot-path branching from the above demar-	.....

						cation line. Access to survey No. 187 will be from the foot-path leading from the above enclosure. From there the pathway leading to survey Nos. 350, 351 and 352 will be through survey No. 188. Right of way to the same from the Gutti village will be along the foot-path branching from the Kangayadahalla through survey No. 186. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.		
30	Byregowda, patel of Byrapur.	7th April 1912	States that the preliminary demarcation line runs close to the village and consequently much of the pasture lands have been included in the reserve, and prays therefore that the line may be shifted as far as the Seesal gudda so that all the lands on the village site may be available for grazing purposes.	.....	.....	The deviation in the boundary line within the limits of Urbage invloves the modification of the line in the Byrapur village. As the preliminary demarcation line runs close to Survey No. 108 where there is a temple as also a house and touches some cultivated lands, it requires to be altered in this locality also. I (therefore direct that the preliminary demarcation line be shifted farther away westward by about 13 chains to the north-west corner of survey No. 41 of Byrapur and be made to run along the west side of that survey number to its south-west corner, then west along the south side of survey No. 90 for about 26 chains, then south-west for about 26 chains till it meets the confluence of two hallas at a point about 7 chains west from the north-west corner of survey No. 92, then in the same direction for about 46 chains till it meets the north side of survey No. 96 at a point about 20 chains west from the southernmost corner of survey No. 94 and then east for about 6 chains. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....	

31	Ascertained by the Forest Settlement Officer.	Do ...	Survey No. 153 of Bairapur may be treated as an enclosure with access to it.	.....	.....	Survey No. 153 will be treated as an enclosure with access to it along the foot-path leading from Urbage *via* Survey Nos. 41 and 90. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....
32	Byregowda, patel of Byrapur.	Do ...	States that the raiyats have been from time immemorial obtaining supply of canes in the valley in survey No. 91 known as Jargulmalay for agricultural purposes at 4 to 8 head-loads for each family, 18 head-loads of cane for the Rameswara temple at Devarrinda village, 6 head-loads of the same for Subramanyeswara temple at Gonibidu Agrahar and 12 head loads of the same for the Channakeswara Swami temple at Belur and requests that this right may be recognized.	.....	A limit regarding the right to use the cane may be fixed in order to prevent any abuse of the concession. This right may be recognized.	The following concession will be admitted in the block:— (*a*) Each family in Byrapur will be allowed to remove annually 4 head-loads of cane from the valley known as Jargalmale in survey No. 91 of the Byrapur village. The villagers are also entitled to remove annually 18 head-loads of cane therefrom for the Rameswara temple at Devarrinda village, 6 head-loads of the same for the Subramaneswara temple at Gonibidu Agrahar, and 12 head-loads of the same for the Channakeswara-swami temple at Belur. C. VENKATA RAO, Forest Settlement Officer. 7th April 1913.	.....
33	Byregowda, patel of Byrapur	7th April 1912	Requests that right of way to the foot-path leading to the South Canara frontier through survey Nos. 91, 96, 87, 88 and 147 may be admitted.	.....		Right of way to the foot-path leading from the village to the South Canara frontier *via* survey Nos. 91, 96, 87, 88 and 147 will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....
		Mudarahalli					
34	Ascertained by the Forest Settlement Officer.	7th April 1912	The small area proposed from this village may be excluded from the reserve.	.....	Do	Only about 15 acres are proposed to be included in the reserve. As the preliminary demarcation line touches the cultivated land survey No. 1, it has to be shifted away from it reducing the proposed extent by 5 acres. Besides, the alteration in the boundary line of the forest in the Urbage village will make the line in the Mudarvalli village crooked. I would therefore exclude the small strip of 10 acres altogether from the reserve. C. VENKATA RAO, Forest Settlement Officer. 7th April 1912.	.....
